Temat: RE: public consultation the list of major events

Dear Sir,

We come back to you following the letter and the regulation received July 4.

We would like to thank you for your consideration and to share these information with use.

The figures of the IHF events mentioned in the regulation are good, we believe we shall have these events on the list of Major Events in Poland, handball has a great popularity in Poland and is a key market for our sport, it's generated good TV figures most of the time.

Actually TVP is the TV channel showing our events in Poland, this provides good figures also because of the fact that TVP is a public channel available for all.

We would like to thank you once again and we remain at your disposal for any request you may have.

With best regards.
